Conference energisers.

Discover our own range of bite size conference energisers designed to amaze, uplift and develop a legend in your own lunchtime. Our group challenges are best enjoyed during a conference and guarantee to energise, increase receptivity and boost creativity within minutes. All are professionally hosted by Serious Fun Director David Spier.

The Generation Game.

Brilliant! Our own version of the old classic TV show format which is best enjoyed in teams, with members from each taking part in a series of fun challenges including, balloon modelling, indoor boomerang, extreme lucky dip, plate spinning, the yes/no game, the paper aeroplane race, licky lip doughnuts, and nose aerobics. "Nice to see you – to see you....?"

Juggling Master Class.

We throw out the challenge that we can teach an entire conference how to juggle three balls in only a few minutes! Impossible, well almost... After an entertaining demonstration, everyone receives a set of juggling balls and fun tuition using our own unique teaching methods. A competitive finale sees a selection of high achievers battling it out for the top prize.

Strategic Poker.

All show. No dough!

Develop your game plan, choose your identity, improve your hand, win the game and cash in. Poker has advanced communication skills offering many business outputs including, personal sales strategy, state management, identifying key client motivators, advanced rapport, influencing skills and taking the learning forward. Ideal for training in sales, management, negotiation and customer service.

The Great British Pub Quiz.

No, this is not just another quiz! We perfectly tailor our questions to account for your guests or theme. This event is best enjoyed as an ice breaker' during a conference. Various rounds can be played including 'famous faces', 'name that tune', 'in the news' and 'a question of sport'. We can include questions and a picture round based on your company.

Percussion workshop.

One of our favourite all be it loudest, conference energisers! Delegates do not need any previous musical ability to enjoy this activity. Everyone will learn various beats for each instrument, playing in both sections and together as a whole group. Players will apply visual and whistle cues, whilst adding breaks, different patterns and rhythms. The finale is spectacular.

Most of our conference energisers can be adapted as an after dinner evening party event.
